01 PROFILE

I am a passionate and outgoing university student at the University of Queensland, specializing in software engineering. With a deep love for music and technology, I thrive on exploring their intersection, aiming to innovate and create meaningful solutions. My dedication extends to fostering a positive impact through leadership, communication, and effective collaboration, ensuring achievement of shared goals.

02 EMPLOYMENT HISTORY

Feb 2024 — Present

Ensemble Technician at St Joseph's College, Gregory Terrace

In my role as an Ensemble Technician at St Joseph's College, Gregory Terrace, I am involved in supporting the young men in my ensembles through learning new pieces, practicing difficult techniques and developing ensemble skills. I also assist other staff in helping manage behaviour and ensuring focus during rehearsals, as well as providing tailored support students with diverse learning needs.

Jun 2022 — Present

Bartender at O'Brien Group Australia

As a Bartender at O'Brien Group Australia, I am responsible for providing high-quality service to patrons, preparing and serving beverages, and maintaining a clean and organized bar area. I actively engage with customers to ensure a positive and enjoyable experience, while also adhering to responsible service of alcohol (RSA) regulations. Additionally, I contribute to creating a welcoming and vibrant atmosphere for stadium members and corporate guests.

Jan 2024 — Present

Musician

As a professional musician, I perform in a variety of ensembles, showcasing versatility and expertise across different musical styles. I engage in learning and mastering new pieces, refining challenging techniques, and enhancing ensemble cohesion. Additionally, I collaborate with fellow musicians to ensure disciplined rehearsals and maintain a focused, productive environment, contributing to the overall success of each performance.

Dec 2023 — Present

Academic Tutor

As an academic tutor, both freelance and contracted, I provide personalized support in various subjects, helping students grasp complex concepts and improve performance. I create tailored lesson plans, conduct one-on-one sessions, and foster a positive learning environment to achieve their educational goals.
